

2023 MWFA Street Stock

This class was created to have fun and have an easy build, you may not do anything other than what is listed below.

1. Any 1980 and newer 2 wheel drive passenger car/mini van/mid size/suv
2. All vehicles must be stripped off all plastic, glass, headlights, taillights, and anything else that could fall off onto track
3. All vehicles must remain remain stock. ABSOLUTELY NO WELDING ANYWHERE.
4. Bumpers must remain stock, do not alter bumper in anyway. Factory bumper shocks must remain in factory location. You may remove rear bumpers and shocks. There is no welding to be done on bumpers.
5. Batteries may be moved to passenger floor or seat, battery must be securely bolted down
6. Gas tank must be moved inside of car, gas tanks may be aftermarket. No plastic tanks
7. Drivers door may be welded 5" on, 5" off per seam all other doors may be wired or chained in 6 places max per seam.
8. Trunks, hoods, tailgates, all may be wired or chained in 6 places total. Sheet metal to sheet metal only. Nothing to frame or bumpers. If you remove trunk or tailgate you lose that wire or chain.
9. You may run one dash bar and one rear seat bar max of 3x3 tubing with a max 6" door bar to connect the two bars, door bar cannot be further back than 8" behind the drivers seat. And no more forward than 6" in front of door seam.
10. Drivers only may have a plate welded to the outside or inside of door. This is for drivers safety. Cannot extend past the door seam more than 4" any direction.
11. DOT tires only. Stock wheels only. All wheel weights must be removed. Only tubes and air are permitted inside of tires.
